Installation

Cell Phone Booster

The Super HALO is a marine grade 4G, 3G and 2G voice and data cellular reception solution. Its 5-band compatibility makes it compatible with AT&T, T-Mobile and Verizon networks. The Super HALO is optimized to boost cellular reception for your boat, with support of 7+ users simultaneously and an indoor antenna to direct the signal where you really need it.

Alarm / Security:

Siren Marine MTC+2 Alarm

- Monitor bilge level high water temperature and engine to make sure systems are functioning properly.
- Track GPS position and set geo-fences
- Control your lights A/C and other systems remotely
- Secure your boat with entry alarms and motion sensors
- Wireless monitor for battery high water and entry

AIRMAR 120 Wx

The 120WX gives wind, air temperature, and barometric pressure readings. It is feature rich in a durable, rugged, small housing that is IPX6 rated for this environment. Reliability and performance, along with no moving parts, makes the 120WX a trouble-free and affordable choice for your recreational boating needs. NMMA interface to helm.

Deck Accessories

Hi Low Table

Sturdy telescopic table pedestal that allows easy height adjustment & table rotation. Can be delivered with pedestal through deck & not through deck. Combined with existing interior you may lower the tabletop to act as a spare bed. Recommended with gas adjustment for ease of use. *includes Sunbrella cushion

Inflatable Fender Package

Heavy Duty Inflatable Fenders. Made from reinforced materials with Stainless Steel "D" ring on each end. Standard inflatable boat air valve for quick (under one minute) inflation and deflation. Use them to traverse locks, raft up with other boats, on an end dock when you aren't able to get the good slips when cruising out of your home waters, or just as your everyday fenders, and many other uses. Requires minimal storage space.

Cordless Air Inflator

- High Volume / Low Pressure (~ 1 psi) Fender and Platform Inflator / Deflator
- Automatically Recharges Battery With 120 V or 240 V Electrical Grids (auto-sense)
- 2 Adapters: Halkey-Robert Style (fenders and inflatable boats) and Needle Nose
- Lightweight, Ergonomic Design, Long Lasting Battery Operation
